PROGRAM NUMBERS: NAT-ENG-3275 (US) / NAT-ENG-3276 (CANADA)

Restrictions may apply. Amounts in USD. CAD exchange rate may vary.

Caterpillar reserves the right to modify or cancel these programs or audit claims submitted against these programs at any time.

**Ask about our
Valley Truck
Parts Warranty
Programs
for Reman
Transmissions,
Differentials,
and more!!**

Valley Truck Parts warranties apply to remanufactured components sold to our customers. Only products used as replacements for original equipment and original intended use will be warrantied. All warranty claims must be submitted to Valley Truck Parts immediately after failure.

"Care Free Warranty" Program Options

This program is designed to give customers two levels of warranty coverage based on their needs.

The two levels are listed below and will only be available for certain models. For a detailed list of models eligible for the "Care Free" program, contact Valley Truck Parts.

Diamond Care Protection

- "CARE FREE" - No Questions Asked Nationwide Warranty
- Labor Paid
- Towing Paid (Limited to \$500.00)

Platinum Care Protection (Standard)

- Nationwide Warranty
- Labor Paid
- Towing Paid (Limited to \$500.00)

Diamond "Care Free" coverage can be used one time. If the failure is caused by poor installation or maintenance practices, the coverage reverts to Limited Parts Only Coverage for the remainder of the Diamond level. (No towing or Labor paid.) However if the failure is caused by poor workmanship by the remanufacturer, the Diamond Care Free Coverage continues from the original install date forward to the end of the warranty period. (Full coverage including labor and towing)

Diamond Care Protection – What is covered under this protection level?

- Installation issues causing damage or failure of unit
- Lack of lube, contamination lube and/or wrong lube
- Shockload, spin out or catastrophic failure
- Vibration issues
- Shifting complaints (range, split or grinding)
- Excessive operating temperature or leaking
- Failure to properly clean or flush coolers and/or PTO's
- Broken synchronizer pins due to vibration
- Misadjusted or malfunctioning electronic control modules or transmission control modules

What doesn't this warranty cover?

- Warranty will NOT cover theft, natural disasters, flood and fire.
- Warranty will NOT cover collateral damage beyond unit and parts needed to complete traditional installation.

Exclusions & Limitations

- Any warranty that does not meet the criteria of the Diamond Care protection plan will automatically be subject to our traditional limited warranty policy.
- Labor charges will be subject to Valley's Labor rates unless in writing from our warranty department.
- Customer's are not able to add coverage or change protection plan after invoice had been finalized.
