## ASK THE EXPERT

We asked a service team expert for tips on how to get your truck ready for springtime

**Q: "What advice do you have for preparing fleets for springtime?"**

**A: "Check and inspect your belts and hoses for cracks, wear, and soft spot."**

**A: "Inspect and replace your wiper blades- they could have been damaged from ice build up."**

**A: "Check tire air pressure- colder temperatures cause pressures to decrease."**

**A: "Give your truck a good washing including the underneath to wash away salt and grime build up."**
