THE LOOK YOUR TRUCK DESERVES

Butler, PA

Scranton, PA

USED TRUCKS

THE HUNTER TRUCK DIFFERENCE

We have over 200 used trucks available across our network of locations in PA, NY, NJ, and WV.

Hunter Certified

Along with being fully serviced and detailed prior to being a purchase-ready truck, our team of sales and service professionals have a checklist that specifies what makes a used truck *Hunter Certified*.

- Under four years old
- Less than 400,000 miles
- Has minimum of one year and 100,000 miles of factory engine and aftertreatment warranty remaining

Work Ready

Just like Hunter Certified used trucks, Work Ready trucks must meet certain parameters, too. From being fully serviced to having the Hunter Truck Inspection completed, these trucks are ready for work.

- No age limitation
- Less than 1,000,000 miles
- Trucks that meet aftermarket guidelines are pre-certified and have Used Truck Protection Packages Available

ASK THE EXPERT

We asked a member of our sales team for tips on how customers can best prep their trucks for winter & the new year.

Q: "What should customers know for prepping for winter and the new year?"

A: "Take advantage of any downtime and bring your truck in for service for a quick turnaround time and save with parts specials."

A: "Winter is a huge opportunity to get your oil changed, inspections done, and any other general maintenance that is needed."

A: "If winter is a slower time for your business, it's a great time to establish better relationships with your parts, service, and sales departments."

A: "Moving into the new year, it's crucial to know what you need; speak to your salesperson if you need to work with a body company as slots fill up fast."

A: "January is a great time to talk with your salesperson on when you should be looking to buy. Prepping for the future is important right now with impending emissions regulations."
